

# Up to 10 PDX mono amplifiers can be controlled with one RUX-KNOB!

**NOTE:**

**You MUST use “straight” NOT “reverse” RJ11 cables, splitters, and couplers for all connections for proper function.**

**The cable supplied with the RUX-KNOB is a “reverse” style cable, so it must ONLY be used from the RUX-KNOB to the first splitter in line**

RUX-KNOB

5m Cable included with RUX-KNOB (RJ11 reverse cable)
